

Burning Requirements

1. Burning shall be restricted to cleared areas 40 feet away from any building and 20 feet away from trees.
2. Debris piles no larger than 10'x10'x10'. Campfires limited to 3' wide & 2' tall.
3. Clear to bare ground 10 feet from around the base of the burn pile, burn pit, or burn barrel.
4. Burn early in the morning while temperatures are low and humidity is high, whenever possible.
5. NO burning in winds predicted, or currently above 10 MPH, or temps over 90 degrees.
6. Fires shall be attended by an able bodied adult until all free burning material has been extinguished.
7. One shovel and water (5 gallons, a 4A extinguisher or charged hose line), plus a copy of your burn permit must be available at burn site.
8. Burning is allowed during daylight hours only, however, fire pits, stumps, and burn barrels may be allowed to smolder after dark. (No new material may be added until daylight.) Exceptions allowed for warming / campfires.
9. The Fire Chief or his designee may, at their discretion, open or close burning, and alter the burning requirements as deemed necessary.

Commercial, Agricultural, and industrial Burn Permits:

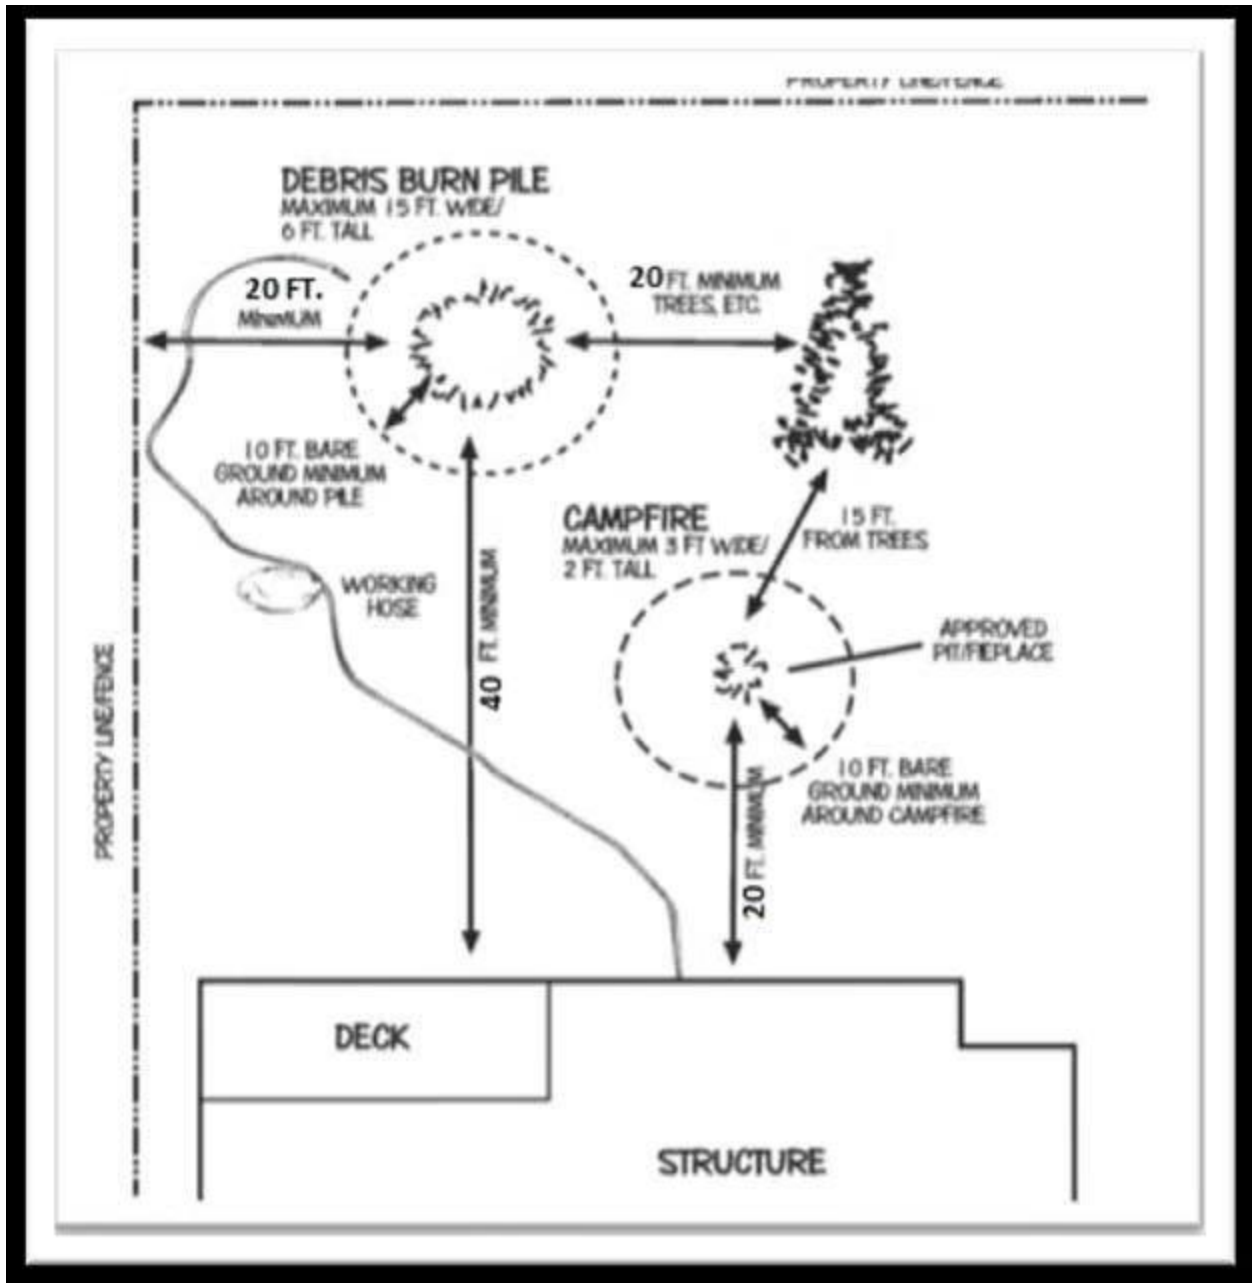

Such burning is prohibited unless, in addition to any permit issued by the Cloverdale Rural Fire Protection District, a permit is obtained by the appropriate Forest Protection Agency.

Enforcement:

In accordance with provisions of ORS 478.990 (2) and (3), violations of ORS 478.960 (1) and (4) are misdemeanor violations which carry their own citation schedule.

Deschutes County ordinance applicable.

If the fire burns out of control do not hesitate to request assistance **CALL 911.**

This permit does not relieve the Permittee from responsibility for fire damage, is subject to cancellation without notice, and is valid only at the location of permitted burning indicated above. Permittee shall determine each day before burning whether such burning is being permitted.

To protect air quality, DEQ has the authority, under state law, to prohibit open burning anywhere in the state on a day-to-day basis. State air quality rules which govern open burning are found in Oregon Administrative Rules, Chapter 340, Division 23.

It is against the law to conduct any open burning that:

- Unreasonably interferes with enjoyment of life or property.
- Creates a public or private nuisance.
- Is a hazard to public safety.

Materials That Can Not Be Burned

- Rubber Products / Tires (includes burning tires to start an approved agricultural waste fire)
- Plastic
- Garbage
- Petroleum and Petroleum-treated materials
- Asphalt or Industrial Waste
- Materials that creates dense smoke or noxious odors In or near cities of greater than 4,000 in population. The DEQ prohibits open burning of waste from commercial establishments, construction and demolition activity, and land clearing.
